1: As explained is this http://wijn.uwgratiswebshop.nl/public/admin/user_status unique for each company so how can i manage company? And i want to use this also on other pages not only on user page also on company page so we need to add a dropdown to manage at which page in the dropdown i want to show it.

Where is my company filter on modal ? How can i add status for other pages which i find on the left sidemenu?

Toestemming

ex: status

Toestemming omschrijving

ex: description

Close   Update

On each modal on whole website i want to change this 2 buttons

| Close | Sluit |
| Update | Aanpassen |

This is not done check for example this modal:
http://wijn.uwgratiswebshop.nl/public/admin/packages

🗑	📄 Print	📄 Excel	📄 PDF	Zoeken...				✈ Add Status
☐ ↕	Company ↕	Status ↕	Description ↕	Created at ↕	Updated at ↕	Actions		
				No data available in table				

Showing 0 to 0 of 0 entries   **Make same as other pages**

Where is my company filter on modal ? http://wijn.uwgratiswebshop.nl/public/admin/packages

From which companies are this packages: http://wijn.uwgratiswebshop.nl/public/admin/packages
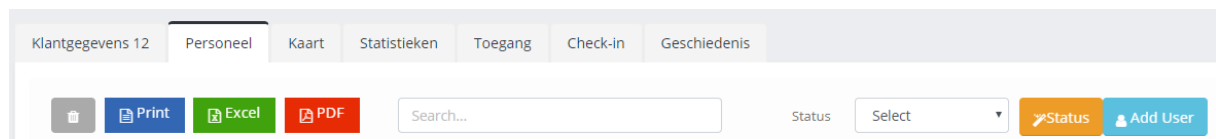

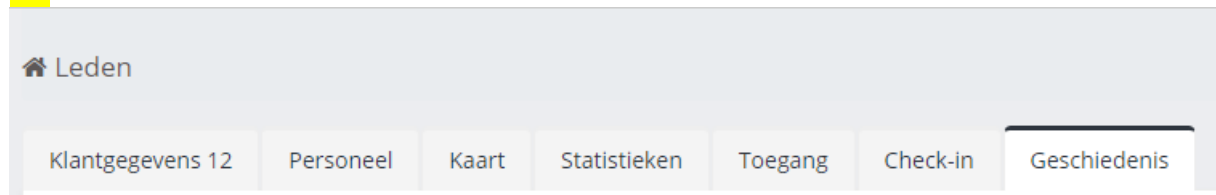

How can i select 2 or more services at 1 package?

The modal is also wrong see:

<mark>What is that number "12" doing at "Klantgegevens" tab? And where are my export and delete buttons etc after i click on "Check-in / Geschiedenis" and where is my pagenation on "Geschiedenis" tab</mark>

🏠 Leden

| Klantgegevens 12 | Personeel | Kaart | Statistieken | Toegang | Check-in | **Geschiedenis** |

| Klantgegevens 12 | **Personeel** | Kaart | Statistieken | Toegang | Check-in | Geschiedenis |

🗑 | 📄 Print | 📄 Excel | 📄 PDF | Search... | Status | Select ▾ | 🔧 Status | 👤 Add User

What is this whole tekst? It seems like a error:

{"id":1,"name":"snehal","avatar":null,"gender":"m","phone":"1234567890","address":"A\/2, ravi tenement, A\/2, ravi tenement","birthday":"2005-01-29","iban":"dafbgsadf","taal":"adfbadfbdf","klant_sinds":"1970-01-03","about":"wedgvawsedv","user_meta":null,"role":"Company1","activation_status":0,"block_reason":"","blocked_at":"2018-05-22 07:16:04","place_holder":null,"name_of_account_holder":null,"bic_code":null,"barcode":null,"user_id":1,"parent_id":1,"Soort":"adsvadsfv","City":"asd","Contactpersoon":"snehal","cashback":"active","created_at":"2018-04-18 12:33:16","updated_at":"2018-06-04 05:58:17","slug":"Misty_Streich3645","phone_main":"sd@gma.com","phone_contact":null,"phone_administration":null,"email_main":"sd@gma.com","email_contact":n

http://wijn.uwgratiswebshop.nl/public/admin/logs i see here logs oke thats great but i don`t see who did it ? Which user ? I don`t need the ID column what i want is the checkbox and group delete which you also see on the other pages. And again the dates are wrong here.

<mark>I see you also didnt add this columns, and you also didnt change English into Dutch</mark>

ID	
Log Name	Locatie
Description	Omschrijving
Caused For	(What is this?)
Causer Name	Naam
Created At	Datum / tijd
Check In	Ingelogd
logged in successfully.	Succesvol ingelogd

3: Here http://wijn.uwgratiswebshop.nl/public/admin/users under tab: "Check-in" we show the same users which the same background colors as here: http://wijn.uwgratiswebshop.nl/public/admin/dashboard

<mark>Why is here: http://wijn.uwgratiswebshop.nl/public/admin/users a "Patel" which is NOT on the left screenshot? So both code is different and not the same. And left screenshot is still empty HTML without any code. For this AK need to finish his point 7 otherwise we can`t check-in any user.</mark>

We call here http://wijn.uwgratiswebshop.nl/public/admin/users the tab "Toegang" into "Laatst online" and there we add the same users as which you see on the right screenshot from dashboard under tab "Laatst online"
<mark>Where can i find this whole point about tab "Laatst online"</mark>

http://wijn.uwgratiswebshop.nl/public/admin/users/1 here under the tab: "Bezoeken" we add the same records without red / orange / green colors as which we show under "Check-in". Also here we need a timestamp. But it is very strange because the timestamp which i see has 2 hours time difference with my local time? Here at my local it is now 19.09pm i logged in 1 minute ago and log said 17.08pm this has to be 19.08 ofcourse.

<mark>Where can i find the tab "bezoeken" i can`t find anything about above point.</mark>

4: On the user modal: http://wijn.uwgratiswebshop.nl/public/admin/users i can`t change which package he has: Call this "Lidmaatschap". And inputfield "Klant Sinds" has to be a datepicker. When i add a new user manuelly then we also need to choose which package he has.

<mark>Delete city on the user ADD + EDIT modal and add here a dropdown to select 1 or more packages.</mark>

<mark>"Geboortedatum" and "klant sinds" field are still no datepickers</mark>
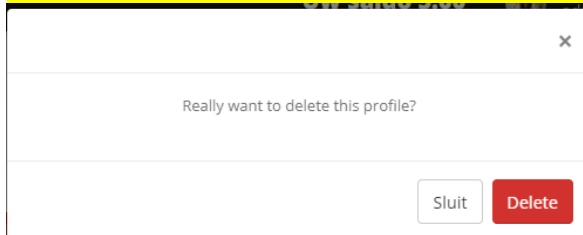

On ADD modal is this tekst still no dutch:

Password	Wachtwoord
Confirm Password	Bevestig wachtwoord
Role	Functie
Activation Status	Huidige status
Active	Actief
Block	Lidmaatschap opgezegd
Submit	Toevoegen
Select one	Maak uw keuze

On EDIT modal is this tekst still no dutch:

Role	Functie
Activation Status	Huidige status
Active	Actief
Block	Lidmaatschap opgezegd
Submit	Toevoegen
Select one	Maak uw keuze

<mark>At EDIT modal is ROLE getting the wrong records. At ADD modal is it right.</mark>

Really want to delete this profile   Weet u zeker dat u dit item wilt verwijderen
Delete   Sluit

5: Compare this modal http://wijn.uwgratiswebshop.nl/public/admin/packages change few words

Name   Kies een naam voor dit pakket
Select one   Maak uw keuze
This is a option field forid 0/1 means Ja / Nee   Eerste betaling is een deelbetaling?

Op welke data wilt u automatisch verlengen? We only show when field "Wilt u automatisch verlengen?" = Ja. want date dd-mm-yyyy DELETE THE RED TEKST THIS WAS A COMMENT

This is a option field forid 0/1 means Ja / Nee   Eerste betaling is een deelbetaling? This can be Ja
or Nee

When we choose at this field: "Welke rol wilt u de kopers van dit lidmaatschap geven:" Geen idee then we add a role here http://wijn.uwgratiswebshop.nl/public/admin/roles with same name as the packagename and also same company connected as who the package added.

Here http://wijn.uwgratiswebshop.nl/public/admin/users i cant see from which company is that user connected. ONLY ADMIN also has to modify company at user and also when ADMIN add a user we need to choose which company

6: At sidemenu you see "Financieel" which link to company page:
http://wijn.uwgratiswebshop.nl/public/admin/companys that`s wrong this has to link to this page
http://wijn.uwgratiswebshop.nl/public/admin/finance that`s this "finance" tab:
http://wijn.uwgratiswebshop.nl/public/admin/packages

<mark>I don`t want this name http://wijn.uwgratiswebshop.nl/public/admin/packages?finance=finance_tab
i asked for this name: http://wijn.uwgratiswebshop.nl/public/admin/finance And when i click on that
link then i want to see directly the list under tab "Finance" call this: "Financieel"</mark>

7: When a table is empty then you always see this: Change this on all cruds / lists into "Helaas er is geen data gevonden."

<mark>For example "Finance" tab from previous point is empty but i don`t see this tekst "Helaas er is geen data gevonden."</mark>
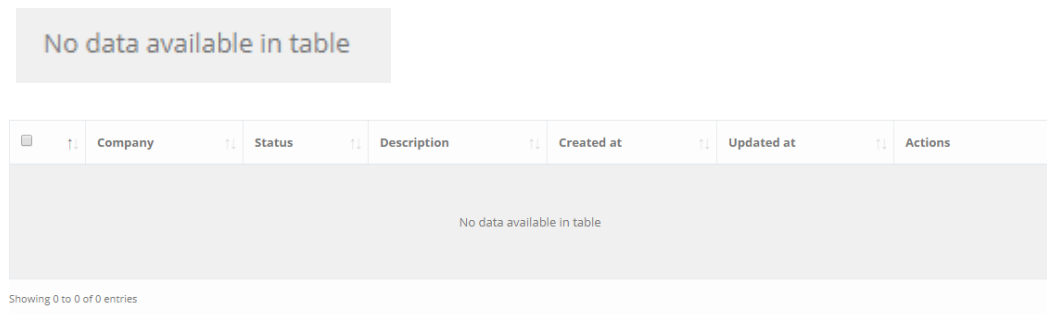

8: Same for this modal: http://wijn.uwgratiswebshop.nl/public/admin/services add also icons on it please and make it also 2 columns widthe with smaller inputfields.

<mark>Icons from 1th screenshot are wrong and from 2nd / down below are right. Modify them please.</mark>

10: http://wijn.uwgratiswebshop.nl/public/client this point is almost right but you forget to change English into Dutch.

11: I see the contact form http://wijn.uwgratiswebshop.nl/public/contact.html is not working can you add this and add a "Mailto" form behind it

All i see is a white / broken page

12: This page http://wijn.uwgratiswebshop.nl/public/methods.html has to be this template: http://new.webathletic-coaching.nl/backup/methods.html that images has also to come from database on the same way as by point 13. And the textblocks are also coming from database same as the other textblocks at footer for example.

All i see is a white / broken page

13: On the same way as by point 13 and 15 do we also need to save this tekst and images http://wijn.uwgratiswebshop.nl/public/ in database and manage on the same way.

I click on headerphoto by homepage and get this modal with English tekst make dutch please. But that whole modal / pop-up is wrong because i want the same as from point 10 also with that croppie system.

14: On home http://wijn.uwgratiswebshop.nl/public/ at newsletter block see screenshot I added my details but when i press yellow button i get a error:

Error is gone but i don`t get any email and i also don`t get any confirmation pop-up with download button for the PDF. When i don`t fill in the fields then i don`t get a error: "Helaas u bent uw naam / email vergeten." I want this message.

When i login as admin and click on blue upload button and then choose to upload without a PDF file then i get a bug. I want the tekst: "U bent vergeten om een PDF te kiezen".

15: This button here http://wijn.uwgratiswebshop.nl/public/admin/dashboard need to link to: http://wijn.uwgratiswebshop.nl/public/admin/users and what is that 13 ? Because i see here http://wijn.uwgratiswebshop.nl/public/admin/users it is 11 and not 13.

Call "Klanten" please "Huidig ledenaantal"

Call this "Total profit" now "Deze maand" we forward to this page http://wijn.uwgratiswebshop.nl/public/admin/finance which you added and count all invoices from the current month. We always work with € sign not USD.
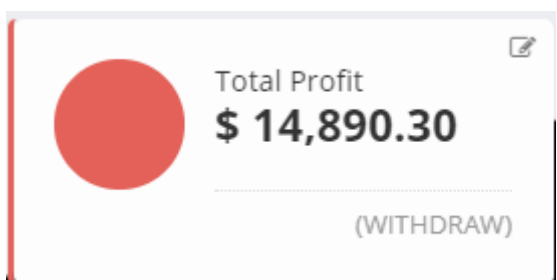

This "DIensten" button need to link to: http://wijn.uwgratiswebshop.nl/public/admin/users tab "Check-in" call this "Bezoeken vandaag"and show the same count as on the "check-in" tab but only today.
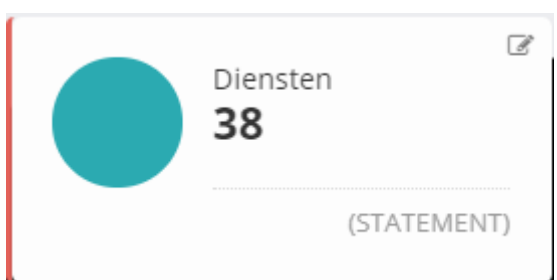

This "Today Visitors" button need to link to: http://wijn.uwgratiswebshop.nl/public/admin/users tab "Laatst online" which you new added at point 3 call this "Vandaag ingelogd"and show the same count as on the "Laatst online" tab but only today.
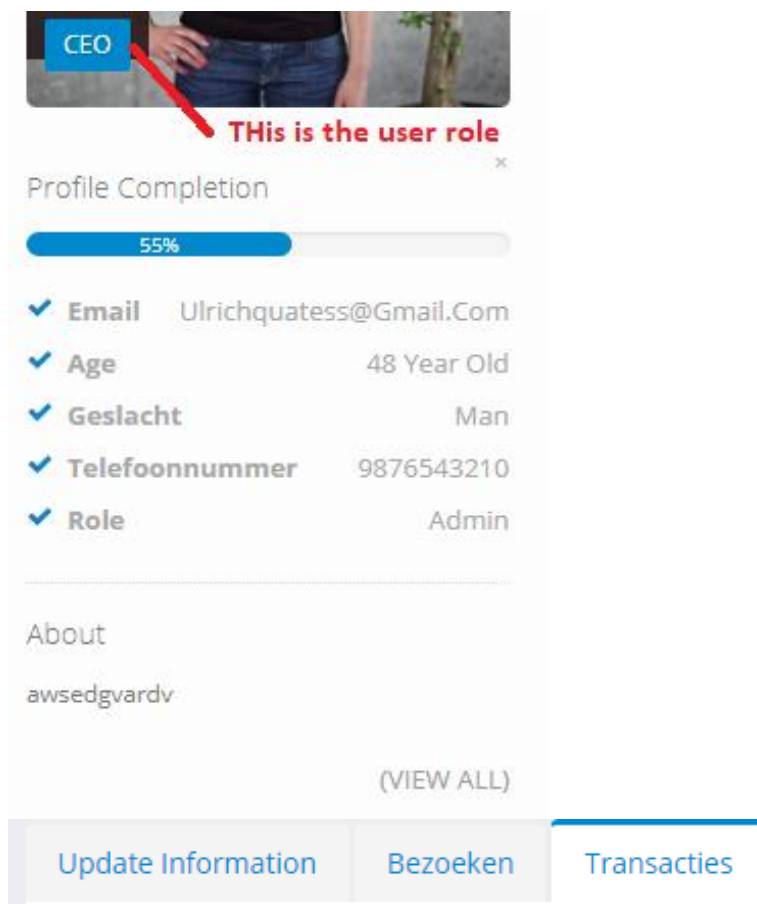

Today's Visitors
3765

(REPORT)
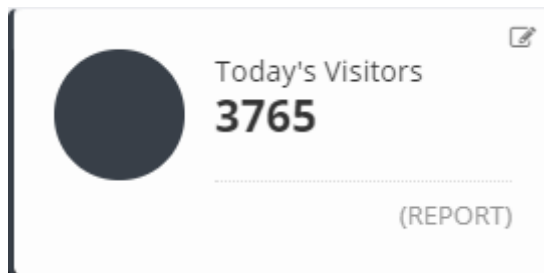

16: On left / 1th block we add the timestamp when this user is added with tekst "Lid sinds" on 2nd block we show the user balance. On 3th block

Uw saldo 5.00   snehal gajjarsdgbavsdgb admin

This is the same

| 6-6-2018 Lid sinds | € 189,000.00 Uw saldo | 16 Nullam quris ris. |

Over mezelf

ex. about me

At geslacht you see "Select one" this has to be '"Maak uw keuze"
This date picker is wrong also this datepicker is wrong
http://wijn.uwgratiswebshop.nl/public/admin/users/1 delete this please and add the same as here:
http://wijn.uwgratiswebshop.nl/public/admin/packages on modal by "Payment dates"

17: I dont understant because here http://wijn.uwgratiswebshop.nl/admin/company/update/2 i see
a error? Why ?

18: Here http://wijn.uwgratiswebshop.nl/public/admin/companys/2/edit i see there is no company
name added so here: http://wijn.uwgratiswebshop.nl/public/admin/companys i don`t see names.
But here on the modal i can see company names in the last dropdowns that`s very strange i think:
http://wijn.uwgratiswebshop.nl/public/admin/packages

19: On frontend i have a menu button with this right sidemenu please delete that.
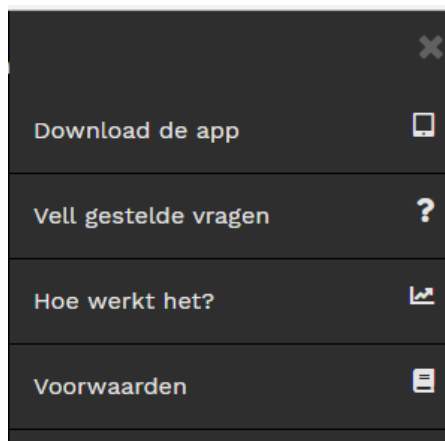

20: http://wijn.uwgratiswebshop.nl/public/admin/logs i see here at the logs which we removed earlier to http://wijn.uwgratiswebshop.nl/public/admin/users new tab. Only "logged-in" what i want is that we gonna "log" all this records: http://wijn.uwgratiswebshop.nl/public/admin/attach-permissions?id=1

But here http://wijn.uwgratiswebshop.nl/public/admin/attach-permissions?id=1 we need to add a lot more things ofcourse because i want each "button / tab / link / etc" on whole website in this log and permission.

To make it more easily i want to group all that records page by page on the same way as the pages in the left sidemenu. We use this "Status" dropdown to show all records or only the records from a page. So what we do we change this name http://wijn.uwgratiswebshop.nl/public/admin/user_status into status and we expand the system that we can choose a page. (Because each page has his own status dropdown). Then we can manage all status on all pages.
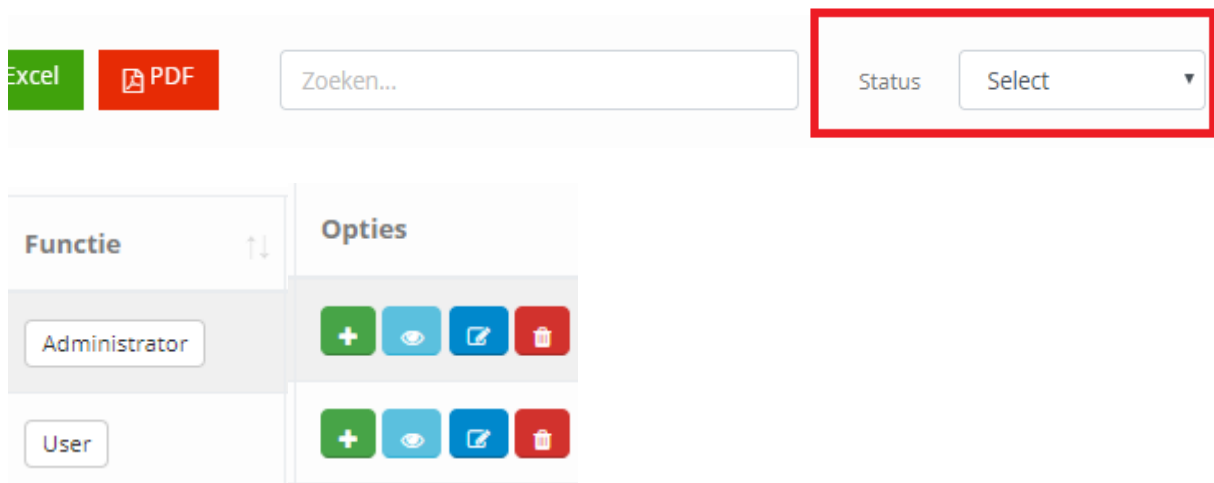

When i click on the name "User" for example in the functie column then i get a modal. Delete that modal please. When i click on the "Green +" then i go to the right page for example: http://wijn.uwgratiswebshop.nl/public/admin/attach-permissions?id=1 i want the same when i click on the name.

21: i`am not sure what is the difference between this page http://wijn.uwgratiswebshop.nl/public/admin/roles tab "Toegangen" and this page http://wijn.uwgratiswebshop.nl/public/admin/attach-permissions?id=6

it seems if we can delete that list under tab "Toegangen" and add this list there http://wijn.uwgratiswebshop.nl/public/admin/attach-permissions?id=6 and i also don`t understand how i can add a new button on the database how is that working?

22: Can you check how it is working here http://wijn.uwgratiswebshop.nl/public/admin/users i have users and we have google maps. Before i see all users on the maps with his location male has blue pointer and woman pink pointer but now i don`t see anything.

23: http://wijn.uwgratiswebshop.nl/public/admin/users under tab "Check-in" i don`t see anything from export buttons and delete buttons and status dropdown etc. Where are all that buttons under the "Check-in" tab.

24: Check migrations also please and repair them so that our migrations are perfectly working.

25: Please add that 2 tabs which you find here: http://wijn.uwgratiswebshop.nl/public/admin/roles also as 2 new tabs on the user page http://wijn.uwgratiswebshop.nl/public/admin/users
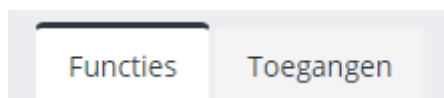

Then delete the link "Functies" from sidemenu please.

26: Here at bottom http://wijn.uwgratiswebshop.nl/public/admin/users/1# you see dropdown "Role" call this "Soort toegang" But we need to take this roles: http://wijn.uwgratiswebshop.nl/public/admin/roles each company has his own roles so first we check from which company is this user and then we show all roles from that company only.

27: I`am for example here: http://wijn.uwgratiswebshop.nl/public/admin/packages try to edit name on the modal from that package but it goes wrong because i can`t click on edit it don`t work.

28: http://wijn.uwgratiswebshop.nl/public/admin/companys here is my button gone where i can add a new company which link to almost the same page as: http://wijn.uwgratiswebshop.nl/public/admin/companys/2/edit
